Chauvin School Wins Strathcona Prize

For efficiency in physical training Inspector Fuller has awarded the Chauvin school six dollars of the prize money donated by Lord Strathcona for the Wainwright Inspectorate. Lord Strathcona has a prize competition embracing all the schools of Alberta. As a result the local school has a small sum placed to their credit wherewith to etimulate interest in athletics generally.

Wedding Bells

HEFFREN—IRVINE

On June 12 at St Andrews Manse, Wainwright, Mr. R. L. Heffren of Prospect Valley was united in marriage to Mrs. Irvine of Ribstone. Rev. J. B. Thompson officiated at the ceremony.

Basket Ball

Saturday evening last furnished several exciting games of ball. The teachers played the H.S. girls a hotly contested game but the stonewall defence of the H.S. prevented scoring and the teachers took th short end of a 10-6 score.

Edinglassie sent in a team of stalwarts—men—to play Chauvin heavyweights. The game was full of thrills and falls. Cardinal proved the champion tumbler and it is certain that the Toronto Observatory report of an earthquake no Saturday evening last was merely the echo of one of big Bill Cahills landings after a prodigious leap for the little pill.

The score was 13-3 in favor of Chauvin.

Both Airlie and Edinglassie will probably be in on Saturday evening next and these games along with the regular league games should provide thrills in plenty.

Standing of league	won	lost	points
H.S. Girls	7	0	107
H.S. Boys	3	1	49

Letters To The Editor Re Scott Excursion

Scott Experimental Station
Scott, Sask., June 18th, 1921

The Editor,
The Chronicle, Chauvin, Alta.
Dear Sirs:-

In connection with the excursion organized by the Chauvin Agricultural Society for July the 12th, I thought it might be interesting to your readers to know that the Experimental Station at Scott is quite close to the railroad depot, and, that we would suggest that as far as possible they make this a basket picnic, as we have found a basket picnic is one of the most enjoyable kind that can be held and it is usually less expensive for the excursionists. Tea and coffee will be served free at the Station.

Yours very truly,
M. J. TINLINE
Superintendent

"Do it now" is a pretty good rule and one that should not be forgotten in Gopher Poisoning. One gopher killed now will save a lot of trouble later.

Strychnine, Gophercide, Kill-Em-Quick, Micklesons, My Own and Eveready always in stock.
The Chauvin Pharmacy

Farmers Ahoy

One glorious week away from the farm with but a taste of the forbidden fruit of learning has been given to 162 farm boys and girls who gathered at the University of Alberta for the University week for Farm Young People held June 8 to 15. That they have all had a glorious time was proven by the words of one young man no longer a boy "We sure had a wonderful time." But it is seldom that one can have a good time and still have an opportunity to learn so much. That the taste of learning will make a profound imprint on those young people will only be brought out by their renewed interest in education and a new determination to explore the regions of known and unknown things. One week of pleasure and learning will not bring all of these 162 new students into the high schools and universities but as Mr. Ottewell said "We re justified in urging education on you with every bit of your power energy and ingenuity that we possess, that you may make better use of your opportunities from an economic stand point."

But it required no energy, power or ingenuity to enforce the attention of the delegates upon the interesting and helpful subjects that were discussed before them. Indeed they were given there the long hours that they were used to at home. Many young hopefuls were even found prowling about the campus at five in front of the residences where they had been told they were to live as students lived. But imagine a student up and about at that hour of the morning. But they had to be excused because a real live farmer never could sleep after four o'clock. Then some of the worthies became too conscientious about their meals and went to the kitchen to see why they were not being fed before eight. The reception rendered them by the cook was enough to discourage any further attempts in that direction and they soon came to look upon the new timetable of meals, lectures, and escapades in much the same way that a Scotchman look upon predestination, the law of necessary things that must be taken as true no matter how unreasonable or objectionable.

Not allowing them to recover from the first shock they were treated to proved all the more that a farmer makes a poor boarder, but it also proved to those same farmers that a student's life and a small grubstake went hand in hand. When every eatable portion in sight had vanished it was decided for them that they should have a few speeches delivered to them. It is so delightful being a student when one does not have to think out one's next move but coming so soon after seeding such a rest could more easily be appreciated. It was decided for thm that chaperones were necessary and after everybody had registered the boys and girls were given talks by Mr. Pike and Miss Warden, respectively, on the way they were expected to act. But it was in no way the result of what these kind guardians had told them that led to the two groups mixing, and going down town or over to the Tuck arm in arm. This is evidently a practice known to town and country alike and human nature must be blamed.

The lecture side of the week's program

The Chauvin Pharmacy

Plowing Match At Edgerton

Edgerton June 17th—The plowing match held under the auspices of the Edgerton Agricultural Society was a marked success. The match was held on the farm of Mr. Alf Challenger north of Edgerton. A good attendance of interested people witnessed the match. The weather during the morning being rainy prevented many contestants from attending consequently there were only five (5) competitors. The awards were as follows:J

Gang Plows (Mens)
F. F. Parkinson, 82 points, 1st prize also the \$5.00 special offered by Mr. C. Knutson, Liveryman, Edgerton, to the plowman securing the greatest number of points. Alf Challenger, 67 points, 2nd prize Gang Plows. Boys. Earl Hallett, 62 points 1st prize. Walking plows, John Dennett, 77 points, 1st prize; H. C. Dunlop, 71 points 2nd prize.

Judge Mr. Donald Douglas director of demonstration farms for Alberta. Mr. Galbraith superintendent of fairs and institutes, for Alberta spoke briefly after the match. He expressed great pleasure in being at Edgerton first plowing match, and hoped and expected that such would be an annual event, and trusted that his department would be in a position to give a grant, to all plowing matches next year. The organizers intend to spare no efforts in preparing and bringing livestock, and other exhibits to the fair. The co-operation of the community at large, in all matters pertaining to a fair was very essential in bringing it to a high standard. By doing this a community would be fair. He stated that much blame was usually laid to the Secretary of a society should the fair not reach a satisfactory standard, which was not generally the cause, but pleaded of the board of directors and members, to assist in every possible way and there would be no alarm regarding the success of any fair. He also expressed deep regret, that he would be unable to attend Edgerton fair August 2nd as he would be in Regina on that date.

Much credit is due Mr. Wheeler the president who kindly entertained the visiting officials, viz. Mr. Galbraith, Mr. Douglas and a representative of the Edmonton Bulletin by driving thm through the country. They expressed pleasure on seeing many splendid fields of grain. The visitors left on the 6.45 p.m. train for Edmonton.

Life Assurance For An Investment

Well to do people, invest in Life Assurance for the following reasons:
First—Because of a safe Investment.
Second—Because it pays a good Interest rate.

Third—Because it pays a Monthly income in case of Total Disability and no further Premiums to pay.

Fourth—Because it pays the guaranteed Cash vaule of the Policy in addition to the disability benefit regardless of none premiums payments in case of Disability.

Fifth—Because it Increases the Estate of the Insured in case of Death, for the full amount of the Policy.

This Policy is Issued by the Great West Lfie Assurance Company of Canada.

A. J. SATHER, Agent
Chauvin, Alberta.

Local Notes Of Interest

CHAUVIN SPORTS JULY 6th

When morning come get into your clothes in a hurry and then get into a hurry in your clothes.

Mr. C. Ryall has been one of the busiest men around lately trying to find out all the ladies' ages. Oh that census!

Mr. A. Robinson, of Saskatoon, was visiting in this district last week.

Miss M. Cargill has been visiting Mr. and Mrs. G. M. Beattie.

Dr. and Mrs. St Jaen and family spent a few days at Lashburn as the guests of Dr. and Mrs. Frechette.

A carload of Fords arrived last week billed for J. A. Code's garage.

BORN; At Lashburn Cottage Hospital on the 5th of June, 1921 to Mr. and Mrs. Bradley, Marsden, a son.

Mrs. W. O. Harris who was attending her daughter Irene who was operated on for appendicitis, returned from Edmonton on Sunday.

Miss Swan, of Winnipeg is visiting her relatives in town and country.

The Prosperity girls and boys who were at the summer school in Alberta report having a good and educative time.

Mr. and Mrs. K. W. Coe accompanied C. King and Miss King were visitors in Chauvin on Monday.

Mrs. Armour went to Edmonton to accompany Mr. Armour home.

Mr. G. A. Lawson, of Artland and Mr. Wells of Wycollar were business visitors to Chauvin on Monday.

A basement is being put under the Edinglassie schoo. A furnace will also be installed.

Mrs. Robert Beatty, underwent an operation for appendicitis and is doing well.

Mrs. Paterson and Mrs. Graham, with other ladies from Artland were visitors in Chauvin on Saturday last.

Miss Roberts left on Sunday's train for a visit to Edgerton.

Mr. John Snell, Sr. paid a visit to town Monday.

Mr. and Mrs. Gordon, and Mrs. MacDonald of Artland visited Chauvin, Monday.

Mr. and Mrs. Cubitt have taken up their residence on the house close by Dr. Folkins.

On Saturday June 25th the St Andrew's Society are holding a picnic at Salt Lake. It is asked that all provide their own refreshments.

Mr. Armour returned home on Tuesday.

Mrs. D. W. Parcels left on Tuesday's train enroute for Edmonton to attend the Federated Women's Institutes convention, which is being held at the University of Alberta.

CHAUVIN SPORTS JULY 6th

St. Andrews Society

A regular meeting of St. Andrews society held in A. E. Keith's office Present J. A. MacKenzie, A. Petrie, W. Petrie, A. Taylor, J. Taylor, G. Gibb, and A. E. Keith.

Minutes were read and on motion of A. Petrie—W. Petrie carried.

Treas' gave report verbatim and matter was filed till next meeting. Carried.

Those coming a long distance may take advantage of the town members offer to convey them from Chauvin A. E. Keith, A. Petrie and J. Guthrie were appointed to act as the committee.

The form of sports was discussed and a programme was drawn up and the following were elected A. E. Keith, A. Petrie and G. M. Beattie.

The catering to be left in the hands of the individual members. Each family is asked to bring their own basket.

Moved A. Petrie—G. Gibb, that the meeting adjourn. Carried.

Don't forget the big day next Saturday at Salt Lake.

Members coming a long distnnce may leave their teams in town and will be taken to the Lake by car.

A good programme of Scotch sports is promised.

Ribstone U.F.A.

The regular monthly meeting of the Ribstone Local U.F.A. was held Saturday May 28th. The meeting was called to order by the President.

The minutes of last meeting were read and adopted.

Moved by Mr. Pound—Mr. Burton that we have a picnic June 22nd if that date is suitable to other organizations. Carried.

Burton—Clifford that President, Secretary and Mr. Pound be a committee on picnic. Carried.

Burton—Nicholson that Mr. Pound Dell, President and Secretary be committee on looking into the matter of a bank for Ribstone.

Nicholson—Burton that we table the motion regarding a donation to the W. I. Fair until next meeting. Carried.

Pound-Burton \$6.70 to W. I. it being our share of the expense of oil stove. Carried.

Burton—Osborne that Mr. Pound interview the Rev. Mitchelson in regard to officiation at U.F.A. Sunday June 19th. Carried.

Pound—Burton that executive be resolution committee. Carried. Clifford—Burton, that we adjourn.

Sulphur Spring & Greenmeadow Picnic

Solicitors for the Executrix
Wainwright, Alberta.

Observation Of Sunflowers

(Experimental Farms Note.)

The Dominion Experimental Farms' System has during the last two years paid considerable attention to the question of utilizing sunflowers for ensilage. Experiments have been conducted at the Central Experimental Farm at Ottawa, in northern Ontario, on all the Farms and Stations on the prairies, and in British Columbia. Although the results so far obtained are somewhat conflicting and by no means definite enough to allow unqualified deductions as to the value of sunflowers as an ensilage crop, yet some observations have been made which may be of interest to prospective sunflower growers.

Generally speaking sunflowers out-yield corn, according to observations made so far, in such sections where on account of ~~small~~ rainfall or cool seasons the latter can not be grown successfully. In sections where corn is grown to advantage, sunflowers may also outyield the latter. Thus, an acre of sunflowers grown at Ottawa last year yielded about 30 tons while the best corn variety only gave 20 tons to the acre.

The yield of sunflowers may, how-

ever, be influenced by several factors, the method of planting. According to observations made so far, seeding in rows 2½ to 3 feet apart will probably prove satisfactory for most sections of Canada. In the West the yield is not frequently affected by the attack of rust. It may be possible, however to lessen the damage from rust in the future by developing early maturing varieties ready to cut for ensilage before the rust, which seems to appear rather late in the season, has had time to affect the yield and quality of the crop.

In respect to ensilage making, it would seem that the best quality may be secured if the crop is harvested when the majority of the heads in a field have just opened up. Delaying the cutting until the seed is beginning to harden does not seem to be advisable. Early cutting may result in a heavy flow of juice from the bottom of the silo, but this may be overcome to a certain extent at least, by allowing the crop to wilt slightly before putting it into the silo.

On the whole, ensilage of sunflowers is relished by stock and its feeding value has proven about equal to that of corn ensilage. The observation has been made that the feeding of sunflower ensilage may in cases stimulate the kidneys too much but, as the observation is an isolated one, we are not prepared to say anything definite on the subject.

On the whole, much more information than it has been possible to collect so far from experiments at the Experimental Farm is needed before any definite conclusions on the ensilage value and general usefulness of sunflowers on an extensive scale can be safely recommended, it is among other things necessary to learn more about what effect a crop of

KEITHS LIVERY BARN, CHAUVIN
THE BEST VENTILATED
BARN IN THE DISTRICT

sunflowers may have on the succeeding crops, particularly in dry sections. Trials on a small scale may, however, be recommended.

Alberta Dragoons

The 19th Alberta Dragoons are being measured for their uniforms.

A Q.M.S. has been appointed, and the whole outfit of clothing, saddles, bridles, spurs etc. will be down at an early date.

All Dragoons who have not been measured for their uniforms should see trooper W. Cubitt.

The more deserving a man is of adverse criticism the easier he is insulted.

It takes all kind of people to make a world—and yet the one we live in was made by one person in six days.

Getting the worst of it at some time has often turned out to be the best thing that could have happened to a person.

There's no reason for being unreasonable.

Farmers Ahoy

(Continued from front page)
gram got well away when Mr. A. E. Ottewell outlined the opportunities and advantages of education and the demand for the trained mind. He urged upon them that dire measures had to be taken and would have to be taken to allay the social, economic and industrial evils. The trained mind alone could hope to solve the and we were only protecting ourselves in doing all in our power to better conditions. And so the convention went on. Morning and evening the young people were treated to lectures from many of the best

speakers in the province. Each speaker tried not to draw the hearers away from their old sphere of life but to give them a reason for continuing in it with a new and broader outlook on life and a means of getting new materials to fight their difficulties that they might be better fitted each to take his or her place in the communities they severally represented.

In the afternoons they were taken to see the experimental plots and the laboratories and there they were told of the work that trained hands were carrying on and were shown the sig-

IT PAYS TO ADVERTISE

nificance of every new grain in the scientific world and the need of more research and patient investment. This alone was the road to economic advance. Every advantage possible should be taken of the truths others had learned. To give these truths to everyone was the function of education and now there was no barrier to prevent those who wished from getting liberal education. Being ready to learn was the only requisite.

Everyone who knows anything about farmers knows that it is impossible for a farmer to get along without work. Even the directors of the convention with all they must have had on their minds did not forget this and so from four to six every afternoon they were given a taste of physical training. When the appetite occasioned by that was satisfied they were all willing to listen to another good lecture and then sleep till five. Community singing before and after lectures added greatly to the get together spirit.

Nor was suitable and instructive recreation left out of the daily regimen. The parliament buildings, the Government House, and the city park were all visited and they were left free to enjoy life without once having to think about starting chores. On Monday evening a good program was put on by members of the convention directed by careful and instructive hands and everyone was highly pleased at the finished grace of the performances especially when the short time allowed for preparation was taken into account. But the last week's rapid process of events was one in which few needed training. A good rousing dance can be put on in Athabasca Hall where there is a perfect floor even if a barn dance is hard to beat, and you can have only known your partner for week.

Sorry that their one week in university had come to a close but happy in the pleasant remembrances they were carrying away in their minds 162 delegates started for their homes on Wednesday morning. That a convention of this sort will awaken a more sympathetic interest between town and country there is little doubt. The United Farmers of Alberta if for no other reason, justify their existence as a society when they take such an interest in education and the value that may be attached to it. University Week For Farm Young People is becoming increasingly popular and will continue to do so as long it is made so instructive to the delegates and this country pursues its policy of steady advance. Some day we may even hope to take the young people of the city to the farm and show them by what art they are supplied with food and then the cooperation between town and country will be complete.

quantities of Western Canadian wheat to Great Britain and Europe by way of the Panama canal through the port of Vancouver. The paper states that elevators will be erected at the coast for transferring the grain from train to ship.

Less than fourteen years ago all the creameries in Saskatchewan did not produce 100,000 pounds of butter, and last year more than 6,000,000 pounds of creamery butter was made in Saskatchewan, the output doubling every three years in that period.

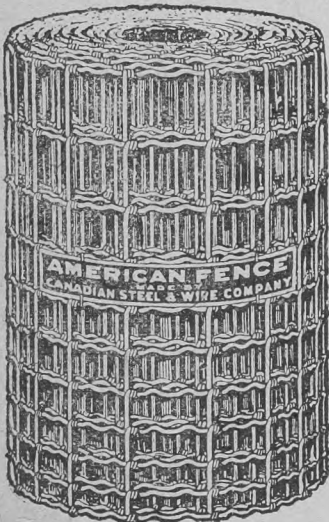

One deed done today is worth two done tomorrow.

The lowering of production costs by increased efficiency was stated by Deputy Minister Auld at the Saskatchewan Dairy Convention, to be the most important question now affecting all industry. With dairying, three essentials to reduce production costs are breeding, feeding and weeding. It is not sufficient to have the right kind of feed produced at a reasonable price but ruthless weeding of the boarders in the herd must be practised by all successful dairymen.

The assistance given the dairy industry by the live stock purchase and sale work of the live stock branch of the Saskatchewan Department of Ag-

riculture, was outlined by J. G. Robertson, provincial live stock commissioner at the Dairymen's annual Convention. This work has been carried on since 1913, and is increasing in importance every year. Last year twelve carloads of dairy cattle were purchased in Ontario by an expert from the live stock branch, and were sold to dairy farmers on credit terms, a few choice Holstein and Ayrshire bulls also being brought in.

Was Winner Of Plowing Match

Workmanship of Highest Quality Was Sown by the Contestants

The Edgerton plowing match held under the auspices of the Edgerton Agricultural Society on Friday last, although not as large in number of entries as could be desired, created a considerable interest in better plowing, and for a first match the workmanship as a whole was very creditable. The match was held on Alf Challenger's farm a short distance from Edgerton, but owing to the nature of the weather the morning of the match several of the plowmen who had intended competing did not put in their appearance. There was however, a good attendance of farmers, as well as most of the business men from the town who were interested in the work.

The premier honors were awarded to F. F. Parkinson who made a total

score of 82 points with a gang plow, winning the first prize donated by Chas. Knutson to the plowman winning the highest number of points. The second prize in gang plows was awarded to Alf Challenger, who made a score of 67 points. Mr. Parkinson is well known, having competed for several years in some of the larger matches in Manitoba and was the winner for three successive years of the cup awarded by the Roland Agricultural Society. Although Mr. Parkinson did very good work, the soil was very light and under different conditions he no doubt would have made a higher score.

Jack Dennett, with a score of 77 points, captured the first prize in the walking plow class over H. C. Dunlop, who made 71. Although neither of these men had ever plowed in a match before, both of them did very good work. For straightness of furrows and covering of weeds, the plowing could be but little improved upon and in crown and finish both did well.

There was only one entry in the boys class—Earl Hallett, who made a score of 62 with a gang plow. With the exception of the finish his work was very creditable, and far above the average plowing.

Farmers Taking Interest

Alex Galbraith, Superintendent of fairs, who gave the awards at the conclusion of the match said that he was very pleased with the interest the farmers were taking in good plowing, and he felt sure that by next year the number of entries would be considerably larger. Plowing matches he remarked, were of great value to any community and should be encouraged as much as possible. At the present time there is no grant given by government for holding

plowing matches, but within a year or two he expected that arrangements would be made whereby a grant could be given to every agricultural society for this purpose.

The plowing as a whole throughout the province was not as good as in the east or in Manitoba, where plowing matches have been held for years in mostly every district. If competitions were encouraged in Alberta, the speaker remarked, the plowing on the farms would be equal to that of any other province.

D. Douglas, director of the provincial demonstration farms, who was judge, said that for a first match the workmanship was very creditable—Edmonton Bulletin.

Farmers Have Conference with Educational Dept.

Important Discussion of Educational Affairs—Resolutions Of Approval are Passed

The joint educational committee of the U.F.A. and U.F.W.A. held its first official conference with the Minister of Education and Officials of the Department in Edmonton yesterday. A very full and satisfactory discussion took place regarding all phases of rural school problems. The efforts of the Department to provide High School opportunity for rural children were strongly approved as was also the general attitude of the Department in defending the autonomous rights of school boards. The members of the Committee made many helpful suggestions and declared their support of any plan that would equalize the educational burden throughout the Province.

After the Conference the members of the joint Committee met in the Corona hotel and passed the following resolutions which were forwarded to the Minister of Education.

That we are in favor of the authorized form of teachers' contract with an amendment to clause 5 regarding termination of agreement, making this clause reciprocal and providing, in the event of either party breaking the contract a minimum penalty equal to one month's salary.

That we favor the principal of the conciliation board.

That we express our approval of the increase in the number of examination centres.

That we are in favor of plan of procedure now followed in forming consolidated schools as outlined to us by the Minister of Education.

That we are glad to note that the number of official trustees has been materially reduced.

That we are in favor of a system of Provincial taxation for industrial purposes.

The report was signed by P. Baker, Ponoka, Chairman Mrs. S. N. Cunn, Paradise Valley, Secretary Stephen Lunn, Pincher Creek, Henry E. Spencer, Edgerton.

In view of rapid development of the dairying industry and consequent producing stock, it has been decided by the Minister of Agriculture, Saskatchewan, to extend special assistance to farmers in the matter of herd selection, and with that object in view has appointed C. E. Thomas, of Lloydminster, to take charge of cow testing work in the province. To encourage this work a campaign will be inaugurated under the direction of the Dairy Commissioner. Assistance will also be given to dairymen in respect to breeding problems, economical production of feeds, best methods of marketing dairying products, and other problems relating to the industry that may arise.

Don't refuse to go to church because there are too many sinners in it. The chances are you would find something to elevate you. Besides, you might as well refuse to go to a hospital because there are too many sick people there.

OUR LITTLE ADS DO BIG WORK

English women say American women don't know how to walk. They know how to run their hubbies, how ever.

A woman who can stimulate indifference over her score at a card party could entertain three beans at once and keep them all from getting jealous.

Millions spent for navies to insure peace might be spent in piecing out the comforts of the poor.

Love may be all that is needed to supply the physical needs of the newly married couple, eminent authorities to the contrary notwithstanding, but one thing is certain, it helps wonderfully in brightening up gloomy surroundings and in making even coarse food quite palatable.

A railroad commission intends severely chastising the Pullman company. Put us down for a reserved seat on the performance.

A dramatist says grand opera in English would be a joke. Well, we might be able to see through it any way.

It's sometimes laughable how a person will study the outside of an envelope to try and guess what's inside.

When married people begin picking fruit from under some other vine and fig tree than their own, the devil puts a couple extra stokers on the job.

Some who think they are in the running merely have wheels in their head

**Manitou Lake
Council Meeting**

Meeting of Council held in the Municipal Hall, Marsden, Sask. on the 13th day of June 1921.

Present: Reeve Chapman, Councilors Plowman, Williams, Lawson, Coe, Mitchell and Bradley.

The minutes of the last meeting were read and passed on motion.

The Secy. was asked to take up with the Secretary of Learig School the matter of the schooling of the child of John Grey.

By-Law No. 48 was read a third time and declared passed. The by-law to be forwarded in the usual manner for approval.

Moved by Chapman that Brady School site be altered to be at or near the S. E. Corner of Section 9-44-27-3 Carried.

On a paper being placed before the Council with regard to the proposed Artland School it was moved by Chapman that the paper be signed by the Reeve and Secretary-Treasurer and forwarded to the Dept. of Education. Carried.

Moved by Bradley that Messrs Chapman, Coe and Lawson be a com-land school matters. Carried.

Appeal against assessment No. 2 Wycollar was heard and the assessed valuation was reduced to \$2500.00

The Council asked the Secy to tell the G.T.P. Development Co. that land was assessed at the lowest rate in the Municipality.

Moved by Chapman that we pay the sum of \$20.00 to Hillsdale Municipality to help straw the Yonker road. Carried.

It was resolved that this Council endorse the aims of the Western Canada Colonization Association. Carried.

The Coun. listened to a very interesting discussion on culverts by an Armco salesman and in the end the discussion turning to danger signs the council ordered eight of these for use in dangerous places on roads. The Secretary was asked to again write to Messrs W. R. Graham and Robert Gordon giving them two weeks to move the fence under discussion to the proper place failing this action on their part the work to be done by the Municipality and charged to them. Meeting of Council on the 13th day of June 1921.

The Secretary was asked to write to Andy Gordon asking him to move his fence to the proper place on the North line of 31-45-26-3.

The Secretary was asked to submit to the Highways the following surveys.

Division 6. N. of 31-45-26-3.
Division 5. N. of 35-44-28-3.

The Secretary was ordered to post a notice on the Artland Well to the effect that no one had to use the Well for hanging anything down but only in its proper capacity, that of supplying water.

The Secretary was asked to write to Mr. Harold Cox, Waseca, telling him that his letter re the Waseca bridge road south had not been received in the office and for him to again write to the Council re this matter so that it could be before the next meeting.

The Council were very pleased to see that the sports committee were busy and that they are holding a

meeting in Cliff's school house on the Saturday, the 18th day of June.

The matter of seed grain loans was discussed at great length and the Secretary was ordered to write letters to some of the ratepayers still owing money to the Council on this account

The Secretary was ordered to write to the C.P.R. Co. re the Frederick loan, to the Land Title office for an abstract of Title, on the N.E. of 34-44-37-3 asking for full particulars re this land.

Numerous other letters were ordered written.

Correspondence with regard to the recent loan was read in full.

The appeal of the Tanner Land Co for a refund of the Wild Land Tax on the numerous McConnell-Abbott lands was gone into by the Council and it was found that they had over-estimated the amount of land they had under pasture and so the Secretary was asked to notify the Dept. of the Wild Land Tax commissioner accordingly.

The meeting adjourned on Motion at 6.00 p.m.

Notes From North East

Don't forget the Battle Hill A. A. picnic on Friday next, June 24th. Attractions are numerous and a splendid time is assured to all who take it in.

We extend a very hearty welcome to Mr. and Mrs. F. R. King, and their three children who arrived last week from England. Mrs. King is a sister of Mrs. Vine and Mrs. Kendall Coe of this district, and the family intend to settle in the neighborhood.

It is hoped that the picnic that is being organized by the Fram G.G.A. will be a huge success. Exceptionally strong committees have been formed in order that no stone is left unturned to make July 12th a red letter day in the Fram district.

Grain Growers of Brady and Fram districts held a united service in Brady school on Sunday last. The weather man was on good behaviour and a large crowd were present. Many made the journey from Fram and also a good number of the Artland people were there. A meeting of the trustees of the church was held after the service and matters in connection with church affairs were discussed. Mr. John Patterson was elected Chairman of the Board, with Mr. Geo. W. Lawson as Secretary-Treasurer.

A special service in connection with Patriotic Sunday will be held at Brady on Sunday next at 3.30 p.m. The children of the Sunday School will take part and a duet by Mrs. Watson and Mrs. Merritt, also a cornet solo by Mr. Victor Clark together with a short address by Mr. Kendall Coe and the usual sermon will form an attractive programme. Mrs. O. R. Merritt will officiate at the organ. All that is needed is a good crowd and good weather.

The usual meeting of the G. G. A. will be held on Saturday July 2nd. It is hoped that all members will be present as much business is expected. Members will please estimate the amount of twine they will require by this date.

MANITOU LAKE PICNIC

This old established July 1st Picnic will be held as usual this year and it is hoped that all old friends will be with us, besides many new ones. Special attractions are being featured. See large posters for full information. Anyway be with us on July 1st and bring all your friends.

**Fram Grain
Growers Association**

A meeting of the directors of Fram G. G. A. was held on Saturday evening last at the home of Mr. and Mrs. S. Ulls. Matters of importance were discussed and as the Picnic Committee were present all necessary com-

mittees were formed and arrangements made for the Picnic on July 12th on the grounds of Mr. Wogberg character and ladies are specially asked to bring baskets. A booth will be operated, the profits (if any) going towards the prizes for the children's races. Special invitations have been issued to the members of Marsden and Brady locals and it is hoped that many visitors will be on hand. The chairman of the management committee is Mr. Andrew Lavold with Mr. Ken. W. Coe as Secretary-Treasurer.

Local Notes Of Interest

CHAUVIN SPORTS JULY 6th

Battle Hill A.A. intend holding their annual picnic on June 24th. Watch for Posters for further details.

Building activities have been resumed in this neighbourhood.

Wilson Sewell is building a 20x20 cottage on his farm which is estimated to cost around \$2,000.00.

Mr. John Bell is also building a cottage 18x24 on his farm.

Mr. W. J. Cornish of Senlac is erecting a model barn 26x48 which is to be complete with hayloft and other improvements.

The report of the last meeting of the Chauvin Women's Institute is held over until next week.

A very happy time was spent at the St. Jean picnic yesterday by the many guests. Full report next issue.

Mrs D. W. Parcels left for Edmonton Tuesday to attend the Convention of Institutes.

Large numbers are leaving town today to attend the Stampede at the Freshwater Lake.

OUR LITTLE ADS DO BIG WORK

W. I. Notes

The Federated Women's Institutes of Canada open their biennial convention at the University of Alberta on Monday night. A meeting of the directors will be held on Monday afternoon, and at eight o'clock Hon. Chas. delegates to the province. Miss Isabel Noble, of Daysland, present of the Women's Institutes, will bring greetings from that organization, to which Mrs. David Watt, of Birtie, Man., will reply. President Emily Murphy will give her presidential address, and Mrs. W. E. Sanford, of Hamilton, Ont. president of the National Council of Women, and Hon. Mary Ellen Smith, of British Columbia, will also speak.

Mrs David Bowman, president of the Musical Club of Edmonton, is in charge of all the musical programs for the week, and will lead the assembly singing.

**Lealholme U. F. A.
& U.F.W.A. Notes**

On Saturday last a joint meeting of the Lealholme U.F.A. and U.F.W.A. was held to discuss the sending of delegates from this local to the Convention at Wainwright. It was unanimously decided to appoint Mr and Mrs I. Neil, Mr and Mrs W. O. Harris and Mr L. V. Langille as delegates to the Wainwright convention on June 22nd.

Provincial Election

Rumoured Julv 18

Generally Conceded That Voting Will Not Be Delayed Beyond 13th of Month

While it is understood that the date has not yet been finally decided upon by the government, and Premier Stewart prior to his departure for the south Monday would positively make no statement on the question, there is a strong possibility that the provincial elections will be held on Monday, July 18th.

During the last few days unofficial reports have fixed upon this date as the one upon which the election will likely to take place. It is fairly generally conceded that the voting will not be delayed later than July 18th, and numerous indications point to the 18th as being the probable selection of the provincial cabinet.

Although declining to make any statement Monday, Premier Stewart intimated that the election date would be announced in all likelihood during the present week. It is rumoured that the question will be definitely decided before Thursday. In the event of the choice of date falling on July 18th, the writs for the election would probably be issued not later than Saturday this week, and nominations would take place July 11th.

Premier Stewart, Hon. George F. Smith and other members of the cabinet will be in Calgary Wednesday to attend the ceremonies planned in connection with the laying of the corner stone of the new institute of technology in that city. It is possible that the premier may make an announcement regarding the election immediately following his return to Edmonton.

Chauvin Rifle Club

ANNOUNCEMENT

Chauvin Rifle Association will hold their first shoot of the season on their new range ½ mile north of the town on Wednesday June 29th at 2.00 p.m.

A meeting will be held in A. E. Keith's office at 8 o'clock on Saturday June 26. Every member is requested to attend this meeting in order that rifles may be issued to respective teams and final arrangements made for the shoot.

Don't forget the Date.

W. CUBITT, Captain.

SMALL ADVTS DO BIG THINGS

Chauvin School Trustees Meeting

A special meeting of the Chauvin School Board, held at the school house at 8.30 p.m. June 20th 1921.

Present: Dr. Folkins, (Chairman), Mrs. Saul and Mr Foxwell.

The Chairman stated that the purpose of the meeting was to go into the matter of renewing the contracts of the teachers for the coming year. the present contracts expiring at the end of the present term.

Letters were read from Miss Freeman, and Mr. C. Laws, referring to their interviews with the committees appointed at last meeting, the contents of which intimated their willingness to sign new contracts according to the spirit of their previous contracts, which provided for advances according to the schedule of the A.T.A.

The board expressed their appreciation of the services rendered by both teachers, and of the manner in which the schools had been conducted during the past year; after which Mar. Foxwell moved, Mrs. Saul seconded, that Mr. C. Laws contract be renewed at the increased salary of \$1800 per annum; and that Miss Freeman's contract be renewed at the increased salary of \$1800 per annum; both for the period of one year. Carried unanimously.

Dr. Folkins moved, Mrs. Saul seconded that the ten per cent discount be given on all taxes paid (current) to the end of June; and that five per cent be allowed on all current taxes paid between June 30th and September 30th. Carried. After that no discount be allowed.

Notice of this was to be put into the Chauvin Chronicle.

Mr. Laws was present during part of the meeting and thanked the Board for their consideration and support during the past year, and for their extended courtesy in arrangements for the next term.

Dr. Folkins appointed Mrs. Saul as a committee to see Miss Freeman as to the opening date for the primary room for next term; and it was understood that the senior room would be re-opened on the 22nd day of August.

Dr. Folkins then declared the meeting adjourned.

Hub—"What a glorious spring day! I could dare anything, face anything, on a day like this."

Wife—"Come on down to the milliner's."

Harry Strachan, V.C., M.C., Nominated As Liberal Candidate

Captain Harry Strachan, V.C., M.-C., of Chauvin, was unanimously nominated as liberal candidate for the Wainwright constituency, of the Alberta parliament, at Wainwright yesterday. All but two polls in the division were represented at the meeting, and very general satisfaction was expressed at the choice of so strong a candidate for election.

Telephone Extensions Are Now Being Made

Construction work has been started extending the telephone system in this locality. The trunk line to the Saskatchewan boundary and some local rived at Chauvin wilnun-e,caeo lines will be erected. Several carloads f poles have arrived at Chauvin, and are now being hauled out to points on the routes.

Baseball Notes

On the evening of June 20th Chauvin population were treated to a rare exhibition of baseball. The local all stars were met on the diamond by the Bull Creek scrubs under that well known baseball veteran, Edward Cyr. At no time was the game in doubt as the scrubs started off at a fast clip. The sterling pitcher, Willie Cahill holding the ll stars down so that in the first four innings they did not get as far as a 1st. We might add that from a spectators view pitcher Cahill seemed head and shoulders above any thing in the arena.

In the latter innings the all stars got busy, helped greatly by the work of the scrubs 1st base man, also by the timely batting of their pinch hitter Luther Burbanks Leach. Tefty Quam and Go Get 'em Stewart fanned out in their mose approved style.

Taking everything into consideration both teams did good work and the large crowd that packed the grndstand certainly got the price of their admission. Mr. David Cahill father of the celebrated pitched was noticed in a prominent position on the grandstand.

Umpire Campbell gave general satisfaction by his extremely fair decisions

AN ACT RESPECTING LIENS ON GOODS AND CHATTELS

Every person shall have a particular lien for the payment of his debt upon a chattel upon which he has expended his money, labor or skill at the request of the owner

Every warehouseman shall have a particular lien upon property stored with him for his proper charges including carrier charges when the carrier deposits the property with the ment of charges.

Every wharfinger shall have a particular lien on the goods entrusted to his keeping for his lawful charges.

Every bailee whether gratuitous or for reward shall have a particular lien on the goods and chattels bailed to him by the owner thereof for any charges due him under the terms of the contract or charges for care after the contract has run out, or if there be no contract after the expiration of the time specified in a notice given the bailor by the bailee to take the goods away. A judge may dispense with the giving of notice if the bailor's address be not known.

If any, remain unpaid for six months, or if the goods are not removed at the expiration of the time fixed in the contract, the lien holder may on not less than thirty days' notice to the owner, apply to a judge and he may make such order with respect to the sale and manner of conducting same as to him seems just. If the goods are perishable the lien holder may apply to a judge for order for immediate sale.

In the event of a dispute as to the amount due or in the absence of the

bailor the judge may fix the amount or direct an action to be brought.

Active or constructive and continued possession of the property is essential to the existence of the lien. The right of a lien may be waived by an express agreement in writing based on legal consideration. A person may detain goods uneil he is paid and if the debt and storage charges

system by government officials and farmers' organizations officials, and leading financial men.

Sell not the bear's skin before you have caught the bear.

Anyway, Noah didn't have to pump the water when his wift wanted to do the washing.

A FARM ACCOUNTING SYSTEM THAT IS A GOOD THING FOR ANY FARMER

Duns and Bradstreets, the greatest mercantile agencies, both say that: "Carelessness is the greatest business criminal"—that 60 per cent of failures are due to this cause.

As a class, farmers are apt to be financially careless, very largely because there has hitherto been no complete method—so simple, the ordinary man could follow it—provided for keeping accurate account of their operations.

Scott's SIMPLIFIED Accounting System for Farmers meets this need Kits forms providing for a monthly showings n every branch of farm wor for Five Years—including a detailed inventory which will beaccepted by any bank.

Following its simple principles, any farmer can keep accurate accounts—have a perfect ceheck on evey branch of farm work —it is a perfect book-keeping system—compiled by a banking expert especially for farmers.

The only system which is given a Systematized Pocket Note Book and simplifies your income tax return.

Holden: August 15
Viking: August 16-17
Irma: August 18-19
Warspite: September 5
Bonnyville and Dursleyville: Sept 11

be no advance at the present time by reason of the falling prices in the commercial world.

Dealing with the arguments advanced in Edmonton and Calgary by those objecting to the increase, that the exchange and rural rates should be dealt with at the same time as the toll rates application, the boards ruling, that there could not be the discrimination alleged against the latter class of traffic because even under the suggested advance there would be no surplus created in the toll system branch. Under the government system each branch of the department was maintained under separate accounting and it was possible to ascertain definitely what each branch of service cost, and the toll line revenue was not to be utilized in taking care of other branches.

The Battle Hill Athletic Association are holding their Annual picnic on June 24th on grounds one and one-half miles south of Battle bridge.

CHAUVIN FLOUR MILL

Grain Received Every Day, Milling and Chopping done on Mondays. Grist and Feed may be taken out any day of the week.

Husband and wife were at the movie show. During a live scene she nudged hubby and inquired:

"Why is it you never made love to me like that?"

"Say," he said, "do you know what that guy is paid for doing that?"

Express rates are so high that the common people can't even afford to express a wish that they be lowered.

The man who refuses to trust anyone else has made everybody suspicious of him.

The longer you wait the more effort required to catch up and the harder to start.

Increase In Rates On Long Distance Comes Into Effect

On Friday June 10, the provincial telephone department brought into effect the schedule of increased charges for long distance calls, including the new system of station-to-station service, and person-to-person calls. Authority for this advance is given in a judgement handed down by the board of public utilities commission.

The increase and re-classification of rates as applied for by the provincial telephone department was considered equitable and necessary by the utilities board, in view of the facts submitted by officials of the telephone department, when it was shown that the department recorded an actual loss of \$16,181.00 on toll operations in 1920, and it was estimated the loss would reach \$270,285 during the present year unless an advance in rates was allowed. In view of these losses the board decided that an increase in rates was justified notwithstanding the contention at the various hearings that there should
